15 REGULATORY INFORMATION**General Information**

Note: The regulatory information given above only indicates the principle regulations specifically applicable to the product described in the safety data sheet. The user's attention is drawn to the possible existence of additional provisions which complete these regulations. Refer to all applicable national, international and local regulations or provisions.

16 OTHER INFORMATION**Uses and Restrictions**

Note: The regulatory information given above only indicates the principle regulations specifically applicable to the product described in the safety data sheet. The user's attention is drawn to the possible existence of additional provisions which complete these regulations. Refer to all applicable national, international and local regulations or provisions.

Care should always be taken to avoid inhalation of fine powders whether these are dyes, other chemicals, flour or even icing sugar, particularly when used extensively. Persons suffering from asthma or any other respiratory problems should not handle synthetic or natural dyes. In the event of previous sensitivity to any art, dye or household products, we recommend consulting a physician before using art and craft products including the above. Children should be supervised.

All dyes supplied by Colourcraft C & A Limited have been approved as safe for use and none are subject to either the German Ordinance or the 19th Amendment of the Council Directive 76/769/EEC banning the use of certain azo dyes. They do not contain any dissolvable heavy metals and are, therefore, non toxic.
