

TIE - DYING IN A MICROWAVE OVEN

Place 1 packet of Jacquard iDye into 600ml of warm water to make dye stock.

Wash fabric, natural fibres only.

Fold, clip , clamp or tie the fabric. You must only tie fabric with microwave safe materials.

Place 2 teaspoons of dye stock, 4 teaspoons of white vinegar and 600ml of water into a microwave safe container.

Place tied fabric into container and microwave for 4 minutes, remove from microwave and check fabric giving it a gentle stir.

Microwave for another 4minutes.

Remove from container and rinse under cold water until clear.

Dry and iron.
